Dear Students,

It is a great pleasure for me to introduce Ananda Mohan College to you. This premier evening college of Kolkata most affectionately welcomes you.

College days are a wonderful time in the entire life of a student: it is the time when energy is limit less, creativity is at its best and perseverance at its peak. We at Ananda Mohan College help students utilize this precious time to shape their future. All members of teaching and non-teaching staff of our college are very inspiring and helpful. We believe that our duty lies not only in imparting knowledge but also in building up of an ambience that purifies the students' minds enabling them to be complete and responsible human beings. We also organize placement service through our Placement Cell and provide financial assistance to the needy students. We are proud to cater to the needs of our students in other ways too.

I look forward to interacting with bright, young, promising new minds for three more years.
