Message from Principal's Desk

It gives me great pleasure to offer you to take a first look behind the attractive façade of Ananda Mohan College. I appreciate your interest in our exceptional institution, which has had five decades of continuous expansion during which it has accomplished much, making it one of the colleges recognised for its excellence and hence highly sought after by new applicants.

The Ananda Mohan College heritage joyfully combines solid academic accomplishment with a broad, dynamic co-curricular programme that includes sports and leadership development programmes. Our purpose is to instil a love of information in our pupils, and we strive to build the skills and demeanour required for lifelong study.

At AMC, we strive to redefine the term "education" since we believe it to be a healthy, all-encompassing activity. When we combine this fundamental tenet with the notion of being a part of one family—the AMC family—we perceive ourselves as "care-givers." We care for the person—the emphasis is on the full development of personality—just as much as we care for the mind since our academic institution is of the highest calibre. I'm hoping for the best for you as you try to join this family.

Education is the key to unlocking potential and paving the way for a bright future. As your principal, I am committed to providing you with the best learning opportunities and a nurturing environment. Believe in yourself and the world will believe in you too.

Normally, classes are held from 3.00 pm to 9.00 pm on all working days, including Saturdays. However, these hours may change from time to time to suit the convenience of the college or to satisfy the requirements of the University of Calcutta. Ananda Mohan Bose

One of the most illustrious sons of India, Ananda Mohan Bose was born in Jaisiddhi, a remote village in the Mymansingh district of the undivided Bengal (now in Bangladesh) on 23 September 1847. Educated in Hardinge School and then in Maymansingh Zilla School, Ananda Mohan stood ninth in the Matriculation Examination when he was only 15. He not only stood first at BA and MA examinations, but he was also awarded the prestigious Roychand Scholarship.

Ananda Mohan sailed to England and completed higher studies in the Christ Church College, Cambridge. He took Mathematics as his principal subject,

and Greek and Latin as subsidiary subjects. He also earned the distinction of being the first Indian Wrangler. Simultaneously, he studied Law and was duly called to the Bar.

On his return to India, Ananda Mohan started his career as a Lawyer in the Calcutta High Court and won distinction in his career. He also took active interest in the social and political life of Bengal with much zeal and enthusiasm. One of the founders of the Indian Association, Ananda Mohan was also elected the President of the Indian National Congress in its session in 1878.

Ananda Mohan was the first President of the Sadharan Bramho Samaj established in 1878. It may be recalled that – in the nineteenth century – the Brahmo Movement was a major social phenomenon which aimed at social and educational uplift of the people of the country. Along with Pandit Sivnath Sastri, another Brahmo leader and a luminary of Bengal, Ananda Mohan founded the educational institutions of the Sadharan Bramho Samaj. It should be recalled that the first institution among them, the City School, and later the City College, was established through the money advanced by him. Ananda Mohan College has emerged out of City College.

Sister Nivedita called him ‘a forerunner of a new Knighthood of Civil Order’. He combined in his life what is best in a man— personal integrity and public commitment,

true to the spirits of the great Bengal Renaissance.
